PORTLAND, Ore.--(BUSINESS WIRE)-- On April 27, 2016, the board of directors of Portland General Electric Company (NYSE: POR) approved a 6.7 percent increase in the regular quarterly common stock dividend to 32 cents per share, up from last quarter's dividend of 30 cents per share. The dividend is payable on or before July 15, 2016, to shareholders of record at the close of business on June 27, 2016.

"Today's action is another step forward in meeting our commitment to shareholders to deliver a competitive dividend within our industry," said Jim Piro, PGE's president and chief executive officer. "Our long-term focus on operational excellence and the implementation of our strategic investment plan to deliver value to our customers enabled us to make our tenth consecutive annual dividend increase since going public a decade ago."

The company's dividend is approved quarterly by the board of directors based on financial performance, capital requirements and other factors influencing dividend decisions. Over the long term, PGE targets a sustainable annual dividend increase of 5 to 7 percent and a dividend payout ratio of 50 to 70 percent.
